

About Us

Our main focus is to grow Ystwyth Garden Centre & Nursery into something that benefits the whole community and economy, as well as

Mother Earth Herself. Everything we do is based on the Triple Bottom Line 3 over-arching principles - People, Planet and Profits - to ensure a sustainable future for us all.

As an Ystwyth Family Member you can earn loyalty points to get money off your next shop with us.

With 5 points earned for every pound spent and extra points on your birthday, we know you're going to love being part of the Family!

Growing For the Good of All...

With our community in mind we have lots of plans in the works for Ystwyth Garden Nursery!

We have started work on a small market garden and we'll be trying out selling organically grown produce starting in 2022. The aim is to be able to produce enough to start a local veg-box scheme within the next few years.

We are all tired of the same old veg from the supermarkets and not everyone has the space or time to grow-their-own, so our focus will be on nutrient-dense, unusual, and tasty veg varieties, such as bright swiss chards, kales, cherry toms, strawberries and salad bits!

We are also hoping to start up our community events again - beginning with our Spring Festival and our Crochet, Knit & Natter group, starting in the Spring.

To keep up to date on these please make sure you subscribe to our occasional newsletter via the website, or follow us on facebook (www.facebook.com/ystwyth1)

Mobile Plant Nursery

As an additional service to our community, we are starting up a mobile nursery - we would love you spread the word!

We intend to bring a car full of plants to local villages to allow those who might not be able to get to us (or get here when we are open) to buy some plants. All you need to do is grab some plant-loving friends to join you and we will do the rest!
